#### Comments/Questions

- Discussion opportunities are great for voicing and for learning from parent peers and having response from CSSD staff and Trustees directly at the table. (3)
- Would have been nice to hear all the resolutions at the end (2)
- Would have had a better turn out if we were made aware of the topic. Previous years' topics were great!
- Break outs are great, but an open forum would be also informative. I think we lacked that.
- More locations?
- Always great and educational. Thank you. Good to see the BIG Picture
- While the mix of parents and administrators from all divisions is valuable, it would also be good to gather with our own divisions to discuss similar challenges we face.
- Some points differed from Trustees. These should still be addressed and brought forward.

- Was still waiting for a direct answer about whether or not the CCSD will be implementing the 'Rainbow Mandate' from the government.
