

To use My School Bus on your computer

Click on: <https://firststudentcalgary.busstatus.ca/>

You can search for the bus routes you are interested in by using the search function, or you can filter by schools clicking on the school drop down next to the search function.

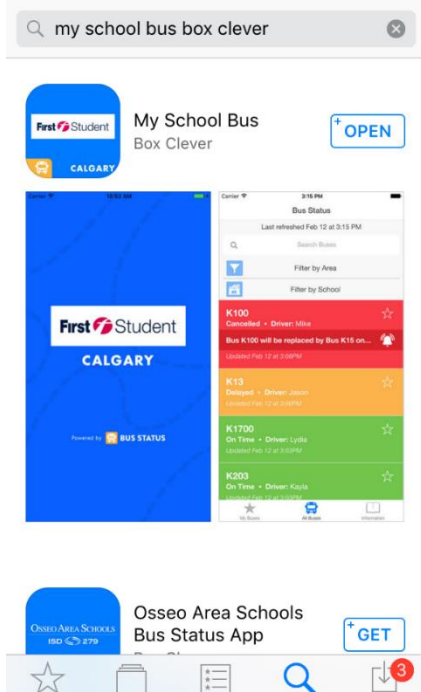

Note: First Student adds a '2' in front of all the regular Calgary Catholic School District routes.

Note: When using the app on a computer you must monitor route status manually as there is no notification function available.

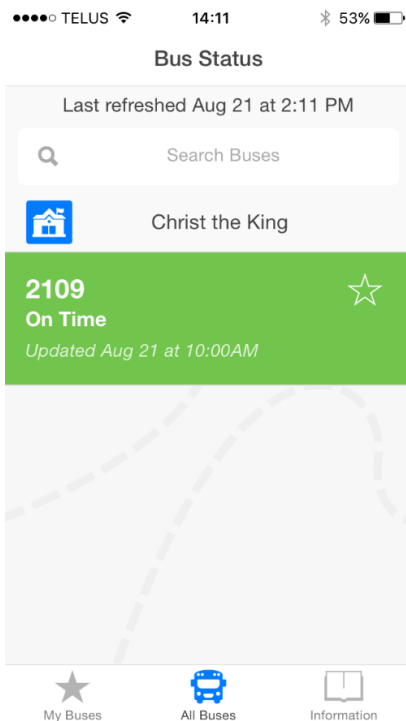

To use My School Bus on your iPhone/Android phone

Search for: “My School Bus Box Clever” and install the app that shows “First Student Calgary.”

Tap on the “all buses” tab to search for bus routes. You can search for the bus routes you are interested in by using the search function, or you can filter by schools clicking on the school drop down next to the search function.

You can add routes to your favourites by tapping on the star symbol on the routes tab.

Please read the “information” tab for information about:

- bus route numbering
- push notifications for bus routes designated as your favourites
- contact information for First Student Calgary
