About me

I was born and grew up in Calgary. I went to the University of Calgary and I have taught in schools in Airdrie and Calgary. This is my third year at Guardian Angel and I love teaching grade 3 because we learn about countries around the world and rocks and minerals.

- When I am not in school, I like to be in nature, kayaking and doing fun things with my family and friends. I love to read, listen to music, playing volleyball and watching movies. I also love walking my dog Molly.
