Colour: Forest Green
Book: How to Read a Book by Kwame Alexander or My life as a Stuntman by Janet Tashjian

About me

This is my first year at Guardian Angel and, I have to say, the school's welcoming has absolutely warmed my heart. I know I am in the right place and am looking forward to the year.

When I am not at school, I am spending time with my large family. We love to be outdoors and can be found somewhere in the mountains or close to a river most weekends. I am a second generation native Calgarian, who grow up in Lakeview and has many fond memories of exploring the Weasel Head by canoe and by foot. My education degree is from St. Mary's University.

This is such a strange year and I know things are different. But step by step, we are going to provide excellent education in a caring and safe environment. We can do wonderful things together, while apart.
