

Cst. Carter Duchesney

I received my Bachelor of Arts in Criminology from the University of Ottawa in 1995.

I began my policing career in 2003 and I have worked as a Crime Analyst, a sworn Calgary Police Service member and a member of the RCMP. I have done general patrol duties and I have been a member of the downtown beat team. I have also done plain clothed surveillance and led a team policing Calgary's night-time establishments.

I now serve as the Cybercrime Education Officer where I give presentations about internet safety to schools and the general public. In the past four years I have given over 500 presentations to approximately 65,000 students, parents/caregivers and companies in the Calgary area.
