Picture day

FOR A PICTURE PERFECT DAY!

Picture day is very important and we want you to look your **BEST**. Your School Photo is a necessity for School ID's, Yearbook, Composite and other administrative requirements school might need. The following are helpful hints...

FOR GIRLS, KEEP SHOULDERS COVERED

Avoid spaghetti straps. They tend to hang low off the shoulders.

FOR BOYS, KEEP CLOTHES SIMPLE

The best bet for pictures is a collared shirt that compliments a boy's eyes and hair. Small patterns or solids are best.

AVOID HATS

Photographers will often remove them for the shoot and then the child is left with "hat head." Have a haircut days prior to portrait day.

SMILE WITH PRIDE

A gap tooth smile or braces are beautiful. Let them shine. Don't have kids keep their mouth closed - show off that smile!

PREVENT EYEGGLASS REFLECTION

For eyeglasses, non-reflective lenses are best. Feel free to ask the photographer to shoot a photo with and without the glasses to see what you prefer.
