

*“Volunteering is the ultimate exercise in democracy. You vote in elections once every 4 years, but when you volunteer, you vote every day about the kind of community you want to live in”.*

**Dear Holy Child Families,**

**Thank you for coming out and supporting the Holy Child School Council at the Halloween Dance.**

**We appreciate all of the volunteers that helped and Kim Perry who was the organizer of the Dance.**

**Please see a picture of our Volunteers having fun at the Dance (below).**

We are super excited to see how our school community and fellowship has grown over the years. Our school has proven that not only is it an excellent hub for education, but a place that we can join as a community to have a good time. In saying that, we are always in need of volunteers to help us continue to build our school community as we continue to grow.

We are in desperate need of volunteers!!! We also would like to let everyone know that volunteering can be catered to your schedule and your abilities. We have opportunities for volunteering for: working parents, stay at home mom's (little ones are always welcome), grandparents, friends of family... the opportunities are limitless.

If you would like to view the upcoming volunteer opportunities please see the link to our sign up genius below, or please feel free to contact us at any time.

Also please remember if you haven't completed the volunteer orientation you can do that online and it takes just minutes out of your day.

Follow this link to see current opportunities and check back regularly.
