COVID-19 ALBERTA HEALTH DAILY CHECKLIST

Overview

This tool has been developed to support activity organizers, employers, businesses and facility operators in reducing the risk of transmission of COVID-19 among attendees/staff. The tool is meant to be used to assist with assessing attendees who may be symptomatic, or who may have been exposed to someone who is ill or has confirmed COVID-19.

Attendees should fill out this checklist prior to participating in the activity or program. If an individual answers **YES** to any of the questions, they **must not** be allowed to attend or participate in the activity or program.
