<b>LDC3164</b>	<b>Abnormal Psychology 35</b>	3	None	✓	

## Forensic Studies 25 - LDC2754

### Course Description

Forensic Studies 25 is designed for students who have completed Science 10 or 14. Content includes the collection and analysis of evidence from crime scenes, the principles of fingerprinting, breathalyzers, polygraphing, and DNA analysis. A major component is an analysis of real crime cases including the Laci Peterson murder, the infamous John Dillinger, the Zodiac killer, the O.J. Simpson case, the Atlanta Child Murders, and the tragic death of Princess Diana. There is a final exam.

***Disclaimer: Due to the graphic nature of the course material and its basis on real events, this course may not be suitable for everyone. This course includes discussions on substance abuse, rape, and semen analysis. It involves experiments using simulated blood made from household materials.***

Print material includes three ADLC instructional Modules and six ADLC Assignment Booklets.

**Available online only**

**Three credits**

**Prerequisite: SCN1270 - Science 10 or SCN1288 - Science 14 (50% required)**

**(ADLC Team Teaching course)**

## Forensic Studies 35 – 3 Credit LDC 3569 Forensic Science 35 – 5 Credit LDC 3754

### 3-Credit Course Description

Forensic Studies 35 (3 credits) is designed as an option for students who have successfully completed Forensic Science 25. The course content includes forensic anthropology, forensic entomology, forensic toxicology, ballistics, police protective equipment, police dogs, arson investigation, and criminal profiling. A major component of the course is an analysis of real crime cases including the Romanov remains, the Washington sniper shootings, Clifford Olson, Ted Bundy, and Geoffrey Dahmer. There is a final exam.

Print material includes three ADLC instructional Modules and six ADLC Assignment Booklets. Both online and print versions available.

Option: Forensic Science 35 (5 credit) is an expanded version of the 3 credit course. Students cannot earn credits in both courses. **(ADLC Team Teaching course)**

### 5-Credit Course Description

Forensic Science 35 (5 credits) is designed as a Grade 12 option for students who have successfully completed Forensic Studies 25. The course content includes forensic anthropology, forensic entomology; forensic toxicology; ballistics; police protective equipment; police dogs; arson investigation; criminal profiling; investigation process; and footwear, tire, and tool mark impressions. A major component of the course is an analysis of real crime cases including the Romanov remains, the Washington sniper shootings, Clifford Olson, Ted Bundy, Geoffrey Dahmer, Mayerthorpe quadruple Mountie murder case, the North Hollywood Shootout, the Laci Peterson murder case, the Jean Chretien pepper spray "incident" in Vancouver, and the Jonestown mass suicide. There is a final exam.

***Disclaimer: Due to the graphic nature of the course material and its basis on real events, this course may not be suitable for everyone. This course includes descriptions of violent crimes, firearms, and deviant behaviour.***

**Available in online version only.**

**Prerequisite: LDC2754 - Forensic Studies 25 (50% required)**

**(ADLC Team Teaching course)**
