

The Bernadette Gazette – April 8th-12th

God and the blessings we share
 Reading at school for knowledge
 All our students who fill our hearts
 Teachers who love their vocation
 Terrific opportunities to learn
 Individualism of each child is celebrated
 Tough situations to help us grow
 Understanding every child has a story
 Diversity of learners that make school interesting
 Every day that we come together as a St. Bernadette community

The **CODE MOBILE** was at St. Bernadette this week. All classes had an opportunity to learn about coding. Computer coding is the skill that use language and commands to create computer software and apps. It seems everyone now has technology such as a phone or a tablet and the apps you access have been created through code. <https://scratch.mit.edu/ideas> Here is one such app used by our students this week. You can find more by googling coding for kids on the internet.

Danceworks Showcase is here. On Thursday April 11th our dancers led by the talented Ms. Stanghetta will be performing at the showcase at Fr. Lacombe High School. **We are so proud of our dance team and wish them much success in their performance.** Pictures to come next week!

A reminder that we are accepting registration for grades 1-6 and Full Day Kindergarten for the 2019-2020 school year. We're the small school with the big heart and personality! Share with your neighbours what you love above St. Bernadette School! Call 403.500.2020 or come to the office to register.

Have a question or something to share? You're welcome to contact us at the school at tara.mcgovern@cssd.ab.ca.

With gratitude,

Tara
